Early detection saves lives.

It's recommended that women who are at average risk for breast cancer receive a mammogram each year beginning at age 40.

Mammogram Voucher Program (MVP)

The Mammogram Voucher Program provides mammograms and follow-up diagnostic services.

You may qualify for this program if you are:

- A Pennsylvania resident
- Income eligible between 250% and 300% of Federal Poverty Income Guidelines
- Uninsured or under-insured (high deductible or co-pay)

The Mammogram Voucher Program provides the following breast cancer screening services:

- Screening and diagnostic mammograms
- 3D mammograms
- Breast MRIs and ultrasounds
- Breast biopsies

To see if you qualify, call: 1-888-MVP-0505

Federal Poverty Income Guidelines (July 1, 2020 – July 30, 2021)

Family Size	Family Income (250% FPG)	Family Income (300% FPG)
1	$31,900	$38,280
2	$43,100	$51,720
3	$54,300	$65,160
Each additional person	$11,200	$13,440
