FOR IMMEDIATE RELEASE

Food Bank receives large baby formula donation amid shortage

Duquesne, PA (June 9, 2022) As families struggle to find formula, BABY2BABY delivered a donation of more than 2,500 cans of infant formula to Greater Pittsburgh Community Food Bank (The Food Bank) Thursday.

The Food Bank received 2,592 cans of Enfamil Gentlease infant formula for babies 0-12 months old.

"No one should ever have to worry that they won't be able to feed their baby. Recently limited availability and rising prices across the board have made it more challenging than ever for the families we serve to have enough formula for their babies. This generous donation will reduce some of that strain for families and allow them to focus more on the joy of raising very young children," said Food Bank Director of Partner Network Programs Charlese McKinney.

The donation will be available to Food Bank pantries and partners to distribute to families in need all across southwestern Pennsylvania.
