Workforce Development

Working together, we help people work.

At MVI, we have three decades of experience helping people who need jobs or who need better jobs to connect with employers who need them. And we also help employers assess and understand their personnel requirements, and match them with job seekers in the Mon Valley. We can provide:

- Referrals to training and educational opportunities
- Resume creation and job-interview practice sessions
- On-site recruitment and job fairs
- Advice for people with criminal backgrounds
- Career planning in one-on-one and group settings

We also operate one of only three Financial Opportunity Centers in the Pittsburgh area, providing financial coaching and education, as well as connections to income support.

Call 412-464-4000

Supported in part by the Claude Worthington Benedum Foundation, NeighborhoodAllies, the DHS Community Services Block Grant Self-Sufficiency Program, The Opportunity Fund, The Pittsburgh Foundation and United Way of Southwestern Pennsylvania.

Working together.
