Food Bank to host 1st special Butler County distribution for families

Distributions specially created for kids and families amid shortage of summer meal sites

BUTLER COUNTY, PA (June 9, 2023) Greater Pittsburgh Community Food Bank is launching a special series of food distributions in Butler County this summer. Butler county is unique this year in that it is the only county in the Food Bank service area without any partners hosting Summer Youth Café locations for kids. These sites provide federally funded meals to kids 18 and under at no cost. To ensure kids and families have the meals they need in Butler County, the Food Bank has partnered with Moniteau, Knoch and Karns City School Districts to provide nine special food distribution sites this summer, at times and locations easily accessible to families with kids. Anyone living within participating school district areas is encouraged to attend, regardless of income. There is no pre-registration required, people may arrive during the scheduled distribution times to receive a box of food.
